Amendments to the Specification

Please add the following new paragraph on page 7, immediately after line 9:

Figure 53 is a cross-sectional side view of another illustrative lighting apparatus with multiple sets of legs spaced along the length of the main body portion.

Please replace the paragraph beginning on page 44, line 3, with the following amended paragraph:

Figure 45 is a cross-sectional side view of another illustrative lighting apparatus with one or more legs for securing the lighting apparatus to a substrate. This illustrative embodiment is similar to the embodiment shown in Figure 44, except the first leg 896 and the second leg 898 do not extend continuously along the length of the main body portion 900. Rather, and in one embodiment, one or more first and second leg pairs 896, 898 are provided periodically along the length of the main body portion. Only one first and second leg pair is shown. Figure 53 shows two sets of legs spaced along the length of the main body portion.
